

The AirFort is the most extraordinary new kids fort that inflates in seconds with the switch of an ordinary household fan!

In seconds, with the switch of an ordinary household fan, create the first inflatable and modern play fort to hit the market, the AirFort! When inflated the AirFort is large in size fitting several kids and adults. When deflated the AirFort stuffs into its own matching carrying bag the size of a folded pair of jeans, taking up no storage space. Create the most fun play date, coziest slumber party, private movie theater and the best secret hideaway with the AirFort!
